

The background of the slide is a blurred photograph of several people sitting at a table, working with documents and charts. One person in the foreground is holding a pen over a document with various charts, including a pie chart and a bar chart. Another person in the background is using a calculator. The overall scene suggests a professional or academic setting.

Auditing and Management Control

RPC-SE-09-No.086-2020

espol[®]

Bachelor of Science in

Auditing and Management Control

Applicant Profile

The program seeks analytical and persevering applicants with an interest in social sciences and mathematics, who are willing to work in teams, perform under pressure, and use technological tools.

Employability

The Bachelor of Science in Auditing and Management Control may hold positions in:

- ▶ Management and control in public or private companies
- ▶ Middle and senior-level roles in auditing, processes, internal control, and finance
- ▶ Independent professional practice as an external auditor in consulting and supervision

Professional Skills

Design internal control systems aligned with international standards and evaluate financial information under legal regulations to support business decision-making, applying communication and organizational skills.

In fact...

The program's practical training and technological approach prepare students to adapt to a constantly evolving business environment and provide them with training in technological tools such as ACL, PBI, and Macroacademics.

International Relations

Through its External Relations Office, ESPOL promotes and develops partnerships with international cooperation organizations, academic institutions, and research centers. These partnerships create mobility opportunities for the entire ESPOL community and contribute to the excellence that distinguishes the institution.

More than 226 international agreements allow students to participate in experiences abroad, including semester or year-long exchange programs, pre-professional internships, research placements, and participation in conferences, competitions, and other academic activities.
